

New Wave Application note:

Symptom:

A cascade of error messages trail across the screen saying: "List Index Out of Bounds" and New~Wave software will not open.

Solution:

- Insert an 1/8" plug into the blue "Line In" input on your PC.
- This plug need not be attached to any device. A "Dummy Plug" will do.
- This plug must remain in the "Line In" input at all times.
- Restart the PC.
- Open New~Wave
