

MARC-15 CONFIGURATION FORM

12-16-2008

Customer Information: Date: _____

Station: _____

Name: _____

Phone: _____

Signature: _____

When ordering a modular MARC-15 console, please fill out the following configuration form. When completed, please Fax or email the form to Arrakis.

Please note that there can be a maximum of two 'Phone' modules and one 'Studio Monitor' module per mainframe. The PC 'USB' modules are one module per PC computer. For mic channels (mic module or external mic processor), please indicate whether the mic is in the control room (CR) or a Studio (STU) separated from the console so the muting jumper can be set.

The diagram shows a vertical stack of modules in a console. From top to bottom, the modules are:

- Control Room Monitor Module**: Includes buttons for 'Etc', 'Pgm', 'Aud', 'UT', and 'Timer'. It also has a 'Timer' button and a 'Monitor' button.
- Output**: Includes buttons for 'Etc', 'Pgm', 'Aud', 'UT', and 'Timer'.
- Studio Monitor**: Includes buttons for 'Etc', 'Pgm', 'Aud', 'UT', and 'Timer'.
- Phone 2**: Includes buttons for 'Etc', 'Pgm', 'Aud', 'UT', and 'Timer'.
- Phone 1**: Includes buttons for 'Etc', 'Pgm', 'Aud', 'UT', and 'Timer'.
- PC USB**: Includes buttons for 'Etc', 'Pgm', 'Aud', 'UT', and 'Timer'.
- Mic 2**: Includes buttons for 'Etc', 'Pgm', 'Aud', 'UT', and 'Timer'.
- Mic 1**: Includes buttons for 'Etc', 'Pgm', 'Aud', 'UT', and 'Timer'.
